is the International Cultivar Registration Authority for *Nerine*

Page 1 of 2

Ref.No.....

Please return CULTIVAR REGISTRATION FORM – 1 & CULTIVAR REGISTRATION FORM - 2, completed (as fully as possible) with colour photograph(s) to the address at the foot of this page.

## CULTIVAR REGISTRATION FORM - 1

1. Proposed name of Cultivar .....
2. Alternative Name .....
3. Origin            a) if seedling - Seed Parent x Pollen Parent if known  
.....  
                         or    b) if sport – from which Cultivar?  
.....
4. Breeder .....
5. Grower .....
6. Registrant .....
7. Year first flowering .....
8. Year of publication .....
9. Date/Name of Printed Publication .....
10. Awards with date & Country .....
11. Plant Breeders Rights .....
12. Trademark (for info only) .....

In choosing a name, due regard should be had to the current **International Code of Nomenclature for Cultivated Plants** (7<sup>th</sup> Edition / Acta Horticulturae 647). A name, which does not conform to the **Code** cannot be accepted for registration.

Before choosing a name for submission please consult the **Registrar** and, also the **Nerine Checklist and Register** when it is published.

CULTIVAR REGISTRATION FORM - 2

1. Proposed name of Cultivar .....

- 2 Description
- a) Scape length (cm)
  - b) Pedicel length (cm)
  - c) Tepalseg length (mm)
  - d) Tepalseg width (mm @ broad point)
  - e) Tepalseg % recurve
  - f) Tepalseg % crinkle (across the tepalseg)
  - g) Tepalseg % crisped edge

h) Tepalseg shape description                      i) floret diam. (cm)                      j) flower diam.(cm)

	<input type="text"/>	<input type="text"/>
--	----------------------	----------------------

h) or sketch	i) & sketch	j) sketch shape
--------------	-------------	-----------------

k) flower colour (RHS Colour Chart Ref. – state edition)

l) stamen colour

m) time of flowering .....

A One or two good photographs (approx 10cm x 12.5cm) would make the description much more complete and would eliminate the need for some of the description and the sketches. Personally I find it very difficult to recognise flowers from mere dimensions and problems of colour definition are also assisted.

B Append any extra information on the reverse of this FORM - 2
